And Service Inventory  
(3 years)

# Plan

(3 years)

# Progress Report

(annual)

**OhioMHAS and ADAMH Boards will make data-informed policy, program and resource allocation decisions that lead to measurable improvements in mental health, addiction and equity outcomes.**

# What's New in the CAP

**Focus on Equity - Plan**

**Identify priority populations and groups experiencing disparities for each priority**

**Optional: SMART objectives for priority populations and groups experiencing disparities (disaggregated data)**

**Optional: Collective impact to address upstream drivers of inequities**

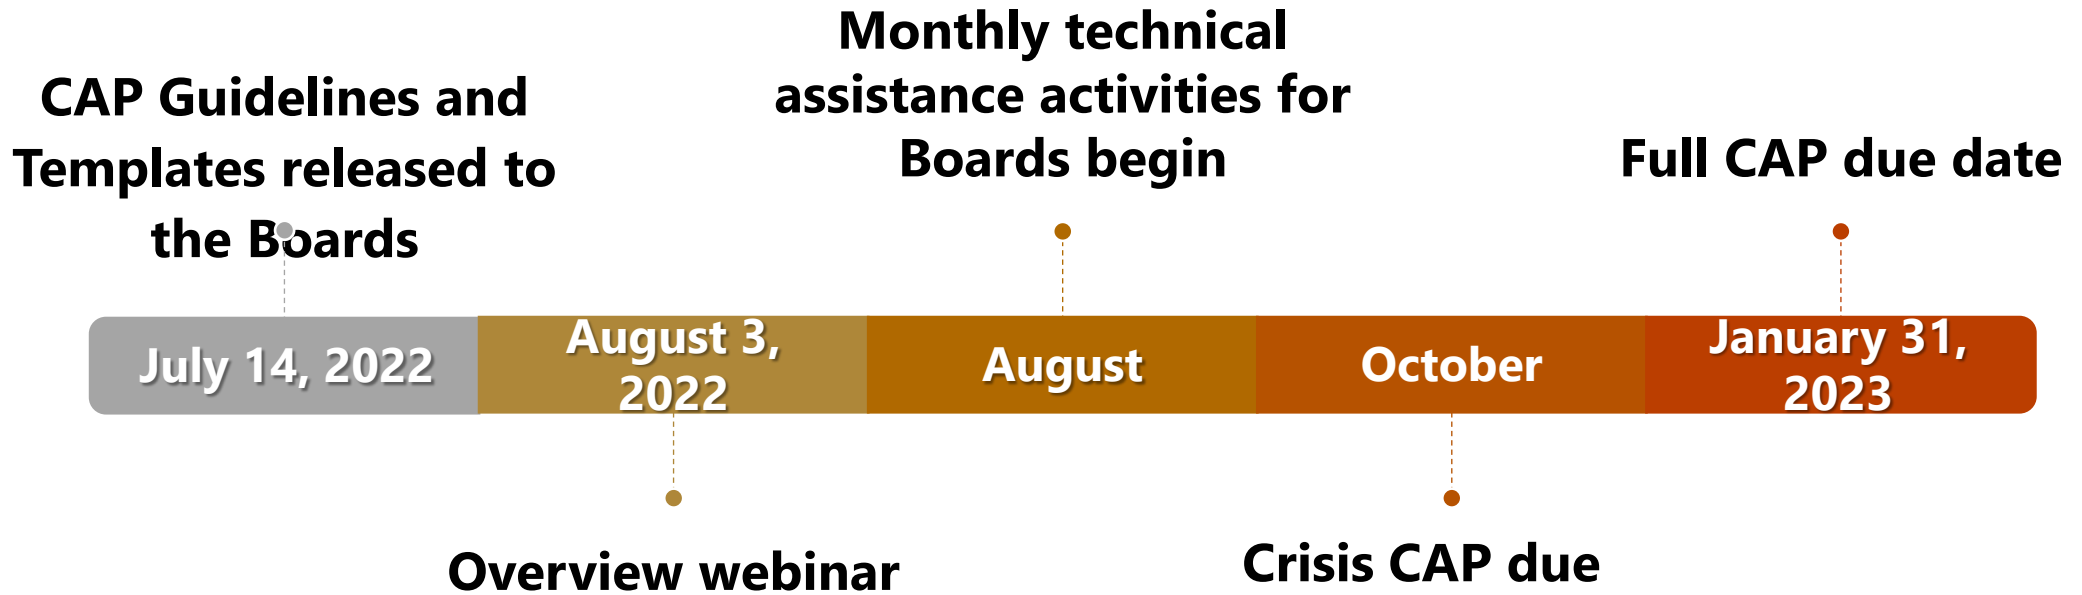

# Community Assessment and Plan: Crisis

In the SFY 2022-2023 Biennium Budget (HB 49), the Ohio General Assembly allocated funds to establish Regional Crisis Stabilization Centers and the use of Crisis Flex and Infrastructure funds throughout Ohio.

- The collected data will be able to illustrate what crisis services exist in Ohio,
- Where the crisis services are located,
- The number of individuals being served, and
- The total amount of funding and the types of funds being used to support Ohio's crisis infrastructure.
