Philip B. Londrico, MBA, Assistant Project Director, SOR 2.0
RE: SOR 2.0 NCE Funding Distribution – Direct Funded Community Projects

The Ohio Department of Mental Health and Addiction Services (OhioMHAS) is pleased to announce the following State Opioid Response (SOR) 2.0 Grant **projected** no-cost extension (NCE) awards levels for the FFY23 project period September 30, 2022 through September 29, 2023.

Direct-funded awardees with continuing projects for this NCE period of performance, will complete of the SOR 2.2 and Carryover Grants Closeout Process. Please see the attached OhioMHAS Close Out memorandum dated 9/9/2022. The final approved NCE award amount will be calculated based upon the remaining award balances less the disbursements for the FFY22 project year closeout period. All NCE grantees will receive a new NOSA for FFY23 following submission of their NCE application in the Grants Funding Management System (GFMS). The following table outlines the projected award amount by project based on the remaining balance of funds as of 9/12/2022. The total NCE projected up-to amount is inclusive of both SOR 2.2 and SOR 2.0 Carryover projects.

Numbers identified in the projected NCE amounts do not take into consideration the grantee's final disbursements and will be adjusted. This table is a point in time projection. OhioMHAS will send out final NCE funding levels in January 2023.
