

Project ECHO[®]

Treatment Resistant Psychosis Program

*A Partnership with The Ohio State
University Wexner Medical Center*

Leveraging Technology to Support Healthier Outcomes

“Every year, **millions of people around the world die of diseases that are preventable, treatable, and even curable** because the health care providers in their communities don’t have the knowledge and expertise needed to address their conditions.”

– Dr. Sanjeev Arora

CareSource understands that access to care remains a worldwide issue, which is why we have entered into a partnership with Project ECHO[®] – a decades-proven evidence-based tele-mentoring tool that increases access to care by expanding provider expertise. Project ECHO offers free virtual learning and training with subject matter experts who all have one thing in common: they want to create change in their communities.

CareSource is partnered with The Ohio State University Wexner Medical Center to **support providers working with individuals experiencing symptoms of psychosis that persist despite treatment, commonly known as treatment-**

resistant psychosis. We seek to create a collaborative environment to enhance evidence-based practices with this population, utilizing didactic sessions and case-based discussions in a multi-disciplinary forum.

Healthcare professionals from all disciplines that interact with these individuals are encouraged to join us on the **first and third Wednesdays of the month**, beginning July 2024 through December 2024, for live, interactive, case-based learning and free continuing education credits.

About Project ECHO CareSource

Project ECHO creates real human connections through the easy-to-use Zoom platform, leading to meaningful outcomes and systemic changes. The concept centers around sharing knowledge and best practices to partner on solutions that make meaningful impact.

Increasing Evidence Based treatment for individuals with Treatment Resistant Psychosis

CareSource, along with The Ohio State Wexner Medical Center, formally invites you to join a community of providers committed to the best practice care of treatment-resistant psychosis. Bring your entire treatment team to our regularly scheduled live clinics for access to a multidisciplinary panel of experts, engaging didactic and case-based education, and resources to support this work in your community.

Join the movement that is decreasing disparities in care and building more equitable healthcare systems.

An Accredited Program

In support of improving patient care, this activity has been planned and implemented by CareSource and Project ECHO. Project ECHO® is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

AMA Designation Statement

Project ECHO® designates this live activity for a maximum of 1.0 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Psychologist Accreditation

Continuing Education (CE) credits for psychologists are provided through the co-sponsorship of the American Psychological Association (APA) Office of Continuing Education in Psychology (CEP). The APA CEP Office maintains responsibility for the content of the programs.

Social Work Accreditation

As a Jointly Accredited Organization, Project ECHO® is approved to offer social work continuing education by the Association of Social Work Boards (ASWB) Approved Continuing Education (ACE) program. Organizations, not individual courses, are approved under this program. State and provincial regulatory boards have the final authority to determine whether an individual course may be accepted for continuing education credit. Project ECHO® maintains responsibility for this course. Social workers completing this course receive 1.0 continuing education credit.

Disclosure Statement

Project ECHO®, in compliance with the ACCME Standards for Integrity and Independence in Accredited Continuing Education, requires that anyone who is in a position to control the content of an educational activity disclose all relevant financial relationships they have had within the last 24 months with an ineligible company.

None of the planners and presenters for this educational activity have relevant financial relationship(s) to disclose with ineligible companies whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. Cassandra McCune, LMHC. Walter Stearns, MD. Craig Parris, ARNP-CPN, Jennifer Gebbie, RN, Ryan Rhoads, LMHC, Mark Reynolds, MD, Kylee Dickey, PharmD, Michelle Sayer, LISW-S:MSW, , Amanda Kostyak LCSW.

The following planners / presenters listed below have disclosed that they have a relevant financial relationship with an ineligible company.

Nicholas Breitborde

Nature of Relationship
